

WHY YOUR COMPANY NEEDS A SPECIALIZED SHIPPING AUDIT

SIGNIFICANT MONTHLY COST REDUCTIONS AND REFUNDS

WHAT IS A SPECIALIZED SHIPPING AUDIT?

Shipping Audits by Util Auditors are ongoing monthly reviews of your courier (FedEx and UPS) and LTL (Less-than-a-Truck-Load) freight invoices to identify refund opportunities for service delivery failures and billing discrepancies.

WHY COMPANIES NEED SPECIALIZED SHIPPING AUDITS:

Courier services such as FedEx and UPS have money-back guarantee policies that entitle parcel shippers to a full refund whenever their deliveries do not arrive as promised. Util's shipping audit team will use this along with over 40 other factors to obtain refunds from your providers when they don't perform. Our freight team has been able to reduce our clients spend by as much as 40% using our proprietary platform to identify cost effective and reliable alternative carriers in each shipment.
