RE: Util Auditors, LLC

As the Treasurer of Imperial Towers Condominium, I was very impressed with Util Auditor's broad industry knowledge and expertise in recovering funds and reducing our cost going forward.

Util Auditors was able to complete their audit with limited involvement on our end which was important to us since the onset of the engagement. The energy audit resulted in a refund and cost reduction for three of our electricity accounts.

Overall, we were very pleased with the professionalism and prompt work completed by Util Auditors and would highly recommend them to anyone interested in these types of services.

Sincerely,

Debra King
Treasurer, Imperial Towers Condominium
